

**Corrugated packaging.  
Let's take a look inside.**

# European Corrugated Industry is a local employer

# Corrugated packaging is one hundred percent renewable, recyclable and biodegradable

# 100%

700  
manufacturing  
plants

1 manufacturing  
plant every  
200 km

83,000 direct  
employees

# 85%

of corrugated  
packaging is made from  
recycled material

Paper fibres can  
be recycled many times

# Corrugated protects 75% of products transported in Europe

# Using corrugated means fewer vehicles on the road

(Less fuel, lower emissions)

Corrugated packaging  
protects more  
resources than it uses

42bn  
M<sup>2</sup>  
Corrugated  
produced equivalent  
to surface area of  
Switzerland

Multi-billion  
turnover  
industry

Precisely  
tailored to fit  
the products

Maximum  
products  
per pallet

Light, slim,  
strong

# European voters love us

79% of German consumers think that paper based packaging is more sustainable than plastic

# Corrugated packaging, a circular economy

**Our packaging is  
renewable, which is  
good news for everyone.**
