

Day 0 – October 25

09:00 – 11:00h
**BUYERS BOOTCAMP
 COMPLIMENTARY**

The annual RE-Source Buyers Bootcamp is back, providing a safe space for companies to network and further their knowledge on RE procurement. Join us this year to learn from your peers on a range of different topics, whether you're new to corporate sourcing or taking your strategy to the next level! Breakout sessions cover everything from the types and risks across certificates & PPAs, through to 24/7 and other ways to make impactful procurement decisions.

11:40 – 13:45h
**FLEXIDAO 24/7 WORKSHOP
 COMPLIMENTARY**

A first-of-its-kind workshop where buyers can learn from energy experts, exchange with peers and participate in hands-on demonstrations. Buyers can use state-of-the-art software tools to master the great potential of electricity and carbon granular data to boost decarbonization goals and ease energy emissions reporting.

15:00 – 17:15h
**PEXAPARK ACADEMY
 UPON INVITATION**

Built on the success of PPA workshops at last 4 RE-Source editions, this workshop by Pexapark will focus on the impact of the recent market developments on the European PPA landscape. Guest speakers from both the buy and sell side will provide insights and outline how corporates can be ready to transact.

18:30 – 22:00h
WELCOME DINNER

Complimentary welcome dinner, join us for an unique networking opportunity with peers and industry leaders.

Day 1 – October 26

18:15 – 22:00h
**OFFICIAL NETWORKING DINNER
 & PARTY**

Join us in a beautiful setting where you'll have the chance to engage in meaningful discussions with leading professionals in corporate renewable energy.

14:00 – 18:00h
**CONFERENCE SESSIONS AND
 WORKSHOPS**

Gain Insights from high-level leaders on Corporate Sourcing, PPAs, and Renewable Energy Strategies. explore 14 Tailor-Made Hedging Models and discover the game-changing Green Pool Mechanism for industrial players

09:00 – 12:00h
B2B MATCHMAKING

Maximize your networking potential and have up to 8 pre-scheduled face-to-face meetings with leading global energy providers to explore the PPA options for your organisation

Day 2 – October 27

10:00 – 15:45h
**CONFERENCE SESSIONS AND
 WORKSHOPS**

On day two, explore renewable hydrogen, PPAs in Central East and Southeast European markets, decarbonizing public transport, rooftop PV solutions, long-term electricity procurement, storage technology integration, and investment prospects in Poland and Denmark.

15:45 – 16:45h
**NETWORKING DRINKS
 COMPLIMENTARY**

Join the farewell drinks for final discussion with your peers in a more relaxed environment.
