

2015 FEFCO TECHNICAL SEMINAR - SPOTLIGHT SCHEDULE

Day 1 - Wednesday 28 October

Sessions	Brand	Speaker Name	Spotlight title
Session 1 10:35 - 11:45	Albany International	Guenter Starkert	EZ Lagging: the easy grip for pulley drums
	BP Agnati	Thilo König	AGNATI - CHALLENGE THE FUTURE PRODUCTION PROCESS
	Copar	Stephen Schmidt	Closing the Loop
	Feltri Marone	Paolo Franchi	Modern corrugating belt technology for quality improvement and cost reduction
	MarquipWardUnited	Juan Carlos Espada	BW Papersystems - Providing Packaging Systems to the World
	Renova	Federica Cinà	Renova's 2015 innovations: Duplex and Moviroll systems
	Valmet	Jari Almi	Valmet IQ - Moisture management in corrugated board making
BHS Corrugated	Georg Bernreuter	More productivity, less staff: Intelligent solutions for the Dry End	
Session 2 12:15 - 13:15	Conprinta	Alexander Cartellieri	Computer - to - Belt
	Erhardt+Leimer Corrugated	Ralf Schomaker	Increased efficiency and flexibility for the Corrugated-Converting Industry by 100% print inspection
	ESKO	Jan De Roeck	Short Runs in Corrugated boxmaking - Prepress Considerations
	Kiwiplan	Eckhart Ollig	Kiwiplan – Ensuring future success for your organization
	OM Partners	Jan Geuens	Sales & Operations Planning - Planning for Profit
	R.T.S	Gqstone Partisani	RTS GLOBAL The Made in Italy ERP System designed for the global marke
Reed Exhibitions	Sinsia Xing	Outlook of Chinese Corrugated Industry	
Session 3 17:15 - 18:30	BHS Corrugated / Vonderheiden	Helmut Kraus	Remote Solutions – the smart support for maintenance and production
	BillerudKorsnäs AB	Ricard Burgues & Hanna Larsson	BillerudKorsnäs Box Design 2.0 – The Revolution
	Feldmuehle Uetersen	Hans-Jörg Richter	MediaLiner : Reduced Complexity Meets High Efficiency
	INNVENTIA	Astrid Odeberg Glasenapp	Innventia – Leading in corrugated board research
	Mayr-Melnhof Karton	Vincent Lambert	Bag-in-Box Liner
	Metsä Board	Minna Kantsila	Safe and Sustainable 4.0 Liner
	Powerflute	Robert Vaenerberg	The load carrying capability of a box and a variable climate
	SCA Containerboard	Susanne Rutqvist	SCA Containerboard - Product innovation through cutting edge technology
Stora Enso	Artur Jerzylo	Avantliner – packaging applications with unique and stable color.	

Day 2 - Thursday 29 October

	Brand	Speaker Name	Spotlight title
Session 4 12:30 - 13:30	HP	Eviatar Halevi	HP strategy for Corrugated Packaging
	Barberan	Dennis Van Ijzerloo	The road from Copenhagen to Barcelona
	BOBST Mex	Jacob Bovin	BOBST – The Revolutionary Digital Printing Solution
	Durst Phototechnik Digital Technology	Wolfram Verwüster	Durst Water Technology Digital Printing Technology for Corrugated
	Emmepi Group	Alessandro Bersanetti	Global tracking flow supervision software
	Serra	Oscar Serra	Peripherals for Digital Printing
	Sun Chemical	Phil Jackman	Hybrid ink technology for digital printing
Session 5 14:45 - 15:45	Alliance (AMSE)	Dirk Mermans	Peripheral Equipment for Maximum Flexibility
	Bahmüller	Oliver Weinmann	BAHMÜLLER - 70 years Corrugated Converting
	BOBST Lyon	Yves Bletterie	FFG 8.20 EXPERTLINE – Fully automated complete line
	EMBA Machinery	Esa Koski	The perfect box
	Göpfert	Ralf Schiffmann and Markus Haupt	WellenWerk journal - News from Göpfert
	JD Engineers	Pieter Ebbing	Quality Control Systems
	BOBST Grenchen	Gilbert Joux	MASTERFLEX XL – Flexographic press for corrugated board and micro-flute
Session 6 16:30 - 17:30	Ammeraal Beltech	Hermann Nelles	Smart Belting Concept
	Apex International	Bas van der Poel & Kris Sentek	The perfect partnership: Smart Factories for Flexibility and Efficiency
	CHIMIGRAF	Cléo Vargas	Thermo-Chromatic & Phosphorescent inks
	Fossaluzza	Tiziano De Vido	Fossaluzza Equipment
	Marotech	Feiko Nauta	The MaroCrate System – European introduction of the Jumbo-Roll Cassette System for hot melt tapes.
	MOSCA	Alfred Kugler	Innovative strapping solutions to reduce machine downtime in the corrugated industry
	Pamarco	David Parr	Standardisation of Ink Transfer for converting corrugated paper board
