

FEFCO Online Workshop

# Sophisticated fortune telling - monitoring and controlling our production processes

23 February 2021

# Monitoring and quality control in the corrugator

- 9:00 - 9:05      Welcome - Eleni Despotou & Marc Van Damme, FEFCO
- 9:05 - 9:25      Corrugator Process Control - The Use of Data - Ben Young, EFI/Escada
- 9:25 - 9:45      Closed-loop quality control through online measurements - Aki Leiniäinen, Valmet & Ola Lindberg, Stora Enso
- 9:45 - 10:05     Process monitoring - State of the art and developments - Thomas Murr, BHS
- 10:05 - 10:20    Q&A
- 10:20- 10:35    Break
- 10:35 - 10.55    Monitoring quality - experience from production - Klaus Lüke, Klingele
- 10:55 - 11:15    Microwave technique for moisture and density measurement and a user's perspective – Andre Tews, Juergen Bäuml & Łukasz Nęcki, TEWS/VPK
- 11:15 – 11:35    Latest research on moisture sensitivity of paper - Astrid Odeberg Glasenapp, Johan Alfthan, Sofia Sandin & Carl-Magnus Everitt - RISE
- 11:35 – 11:50    Q&A

# Monitoring and quality control for the converting machines

- 13:00 - 13:20 Print inspection – Amir Dekel, ISRA VISION
- 13:20 - 13:50 Print control camera - What can we learn from those systems? - Mirko Klepsch  
Klinge
- 13:50 - 14:05 Q&A
- 14:05 - 14:20 Break
- 14:20 - 14:40 Control of crushing of corrugated board during converting process - Tomasz Garbowski, FEMAT
- 14:40 - 15:00 Gap control of FFG - Dave Swedes & Mat Garner, Valco Melton
- 15:00 - 15:15 Q&A
- 15:15 - 15:20 Closing - Marc Van Damme, FEFCO
