

Technical Seminar 2023 - Spotlights Schedule

| | Session | Brand | Presenter | PPT Title |
|----|--|------------------------|------------------------------|---|
| 1 | Day1 Energy efficiency Session 1 25/10/2023 11:00 - 12:00 | Kolbus | Markus Dammann | KOLBUS – The New Partner for the Corrugated Industry |
| 2 | | Duo-Technik | Lars Keller | Energy efficiency & new safety features on drying systems |
| 3 | | eProductivity Software | Neil Sillick | Innovations in corrugator energy saving, machine reliability, and production efficiency |
| 4 | | OMP | Bart Verbruggen | How Green Planning makes supply chains more sustainable |
| 5 | | Fossaluzza | Michele De Vido | High performance peripherals meet low carbon impact |
| 6 | | Graco | Gaetan David | How the switch to electric double diaphragm pumps helps you reach sustainability goals, cut costs and reduces |
| 7 | | JB Machinery | Dave Burgess | AutoDryer Control™ (ADC) |
| 8 | | Kyoto Group - Heatcube | Lars Martinussen | Decarbonizing Industry; the electrification of process heat |
| 9 | | Mondi | Ipek Suter | Kraftops as sustainable future of containerboard and Power of a New Generation ProVantage Powerflute® |
| 10 | | Mitsubishi | Filippo Senore | Sustainability through innovation |
| 11 | | Nestro | Martin Duchowski | Clean gas filter technology |
| 1 | Day1 Converting Session 2 25/10/2023 13:20 - 14:20 | AkeBoose | Sofie Agergaard-Wendel | Modern chamber doctor blade technology: What's in it for corrugated printing? |
| 2 | | Apex International | Joris Cabri | The Future of Printing without Scorelines: Anilox to the Rescue |
| 3 | | Avanti Conveyors | Simon Mander | Materials Handling – Evolution through Innovation |
| 4 | | Baldwin Technology | Dennis Behnisch | "Fool's gold". Why all that's gold doesn't glitter. – Adopt the "Diamond Standard" for efficiency |
| 5 | | Baumer hhs | Andreas Schneiders | New Solution for Flexo Folder Gluer – Gluing and Quality Control |
| 6 | | SERRA | Jordi Tenas & Tristany Serra | Laser Guided Vehicles in the corrugated board industry |
| 7 | | Elitron IPM | Paolo Malatesta | Latest Industrial Automation Solutions for an Integrated Digital Cutting Workflow |
| 8 | | BW Papersystems | Michele Turriani | Unlock the Full Potential: From One Part to Complete Solution! |
| 9 | | Corrpal Systems | Constantin Ritter | Latest News of Corrpal |
| 10 | | C-TECH | Patrick Borgions | 100 % robot automation for multipoint folder-glueers |
| 11 | | BOBST Lyon | Yves Bletterie | How BOBST helps you to meet your low carbon targets |
| 1 | Day1 Converting Session 3 25/10/2023 17:50 - 18:50 | EMBA Machinery | Pontus Arvidson | EMBA CareControl - machine condition & maintenance management |
| 2 | | Engico | Daniele Mazzola | The Dual Size Technology. 2 Machines in 1. |
| 3 | | ESKO | Jan De Roeck | Addressing the skill gap in packaging CAD design |
| 4 | | Eterna | Enrico Galloni | Eterna: simply good |
| 5 | | Göpfert | Sergej Milrad | Latest news of Göpfert |
| 6 | | Hunkeler Systeme | Gabriel Moser | Why automated waste disposal matters |
| 7 | | J.S. Machine | Xianing Sun | Digital printing solutions for corrugated packaging |
| 8 | | JD Engineers | Pieter Ebbing | Energy Reducing Safety eXtension |
| 9 | | Karimov | Robert Karimov | ixs-pal integrated pallet system |
| 10 | | Koenig & Bauer | Hannah Potrawa | Latest Innovation for the Corrugated Industry... |
| 11 | | BOBST Grenchen | Christian Vionnet | How to boost productivity and quality? |

Technical Seminar 2023 - Spotlights Schedule

| | Session | Brand | Presenter | PPT Title |
|----|---|-------------------------------|--------------------------------|---|
| 1 | Day2 | Cargill | Michael Stratemann | Modified starches for highest bonding performance at maximum production speed |
| 2 | | BHS Corrugated | Peter Pötzl | BHS ResourceMonitoring & iCorr® ResourceOptimizer |
| 3 | | Fosber | Stefan Nedbal | Be Smarter: the new single facer solutions by Fosber |
| 4 | | GKD | Dominik Braun | Maximum efficiency of resources for corrugated board production with doublebacker belts from GKD |
| 5 | | Quantum Corrugated | Ralf Schomaker | Ride the Wavy - Line designed for the production of single face sheets |
| 6 | | Renova | Valentina Acito | Nebula moisture control |
| 7 | Session 4 26/10/2021 11:55 - 12:55 | Valmet Automation | Aki Leiniäinen | The New Awareness - Corrugator quality and process data utilization during production and week after |
| 8 | | Weducon | Hermanus Bakker | Ensuring High-Quality & Productivity Amid Sustainability Challenges |
| 9 | | Albany | Alberto Brunello | DURASPIRAL: a proven solution for efficient board converting |
| 10 | | BHS Intralogistics | Victor Naumann | M2P® – from Maintenance to Productivity Solution – goes Operations |
| 1 | Day2 | Metsä Board | Maija Pohjakallio | Metsä Board contributing to the climate neutrality of corrugated packaging |
| 2 | | Flexo Concepts | Kevin McLaughlin | Revolutionizing Safety in the Printing Industry: The Benefits of Replacing |
| 3 | | Mosca | Randy Wright | New Max Q - Bundling reinvented |
| 4 | | Siegwerk | Emmanuel Chaud | UniNATURE – RethINK Circular Solution for Paper & Board applications |
| 5 | | Valco Melton | Dave Swedes | GlueChekplus from ClearVision |
| 6 | | Westfalia Logistics Solutions | Christian Goltermann | Savanna.NET®: Tetris for corrugated cardboard |
| 7 | Session 5 26/10/2023 14:10 - 15:10 | Bahmüller | Michael Donnert | New challenges? - Accepted |
| 8 | | Technicarton | Thomas Poncet | What are the new tools to cut and score on FFGs ? |
| 9 | | AL-GAR | Daniel Vidal | Intralogistics Systems for the corrugated board industry |
| 10 | | Ammeraal Beltech | Hermann Nelles | The future of sustainable modular belting solutions. |
| 11 | | BOBST Mex | Virginie Dubois-Guignard | Boosting efficiency of your packaging production |
| 1 | Day2 | Agfa | Matt Brooks | SPEEDSET - the new standard in digital transformation |
| 2 | | BHS - Corr24 | Nils Gottfried | "The Future of Corrugated Packaging: Leveraging QR Code Technology for Enhanced Tracking, Quality Control, and Marketing" |
| 3 | | Cabot | Lionel Petton | Why water-based is the way forward for Digital Inkjet on Corrugated Boards? |
| 4 | | Mado ERP | Charbel Eid | Mado, Analysis and power |
| 5 | | Femat | Tomasz Gajewski | Virtual laboratory of corrugated cardboard |
| 6 | | Highcon | Edi Perets | Highcon Beam 2C Nonstop: Higher Throughput with Longer Runs |
| 7 | Session 6 26/10/2023 17:30 - 18:30 | HP | Wolfram Vewuester | Improve plant efficiency to reduce the cost of manufacturing corrugated packaging with HP digital print solutions |
| 8 | | Koenig & Bauer Durst | Matthias Krautgasser | Latest innovations driving the tipping points to digital printing |
| 9 | | Openpack | Stefan Uebelacker | News from the Corrugated Industry's unique digital Platform |
| 10 | | RISE | Roger Källberg & Elin Akerlund | How should we test packaging for e-Commerce? – The thoughts from RISE |
| 11 | | CONPRINTA | Leonard Duerr | CONPRINTA PVS as extension to digital roll-to-roll preprint systems for spot varnish and hybrid printing |
