

## Technical Seminar 2025 - Spotlights Schedule

	Session	Brand	Presenter	Presentation title
1	Day 1 8-Oct	AL-GAR	Daniel Vidal	Automatic tag applicator for the converting area
2		Apex International	Stefan Schneider	Tomorrow's printing through the eyes of the anilox
3	Spotlight Session 1 12:15-13:15	Bahmüller	Oliver Weinmann	Your challenge - Our mission: Solutions for day-to-day business
4		BCM Transtech	Jens Christian Christiansen	The Automatic Transport Unit
5		BOBST Lyon	Aurélie Gasiglia	Unlock converting potential
6		Minda	Marco Janssen	5 Must-haves for ONE - PERSON - OPERATION
7	Converting	Bosch	Daniel Gosse	Green steam for significant reduction of CO2 emissions in the corrugated board manufacturing
8		Canon Production Printing	Roland Stasiczek	Unbox Digital Freedom
9		Corrpal	Philipp Schebler	What has Corrpal and Tiki-Taka in common
10		Koenig & Bauer - Celmacch	Hannah Potrawa	Opening New Horizons
1	Day 1 8-Oct	EMBA Machinery	Pontus Arvidson	EMBA QS Ultima™ - Unparalleled opportunities
2		Emmepi Group	Alessandro Bersanetti	Smart Corrugated Where Automation Meets Innovation
3	Spotlight Session 2 14:30-15:36	Eterna Europe	Christian Vionnet	Innovating for eco-friendly productivity
4		Fossaluzza	Michele De Vido	Powering Performance with Intelligence
5		Geo. Martin	Jason Smith	Smart Shingle™: method to reduce feed interrupt time
6		Göpfert	Robert Zehnpfennig	Göpfert, the most modern RDC
7	Converting	HP	Maura Sartori	Driving the Future of Corrugated: Efficient & Economical Production with HP Digital Print Solutions
8		JB Machinery	Dave Burgess	Single Operator, Single Point, Full Automation
9		C-TECH	Patrick Borgions	Unlock the full potential of your multipoint folder gluers
10		Koenig & Bauer   Durst	Matthias Krautgasser	Proven Journeys, Future Innovations: Partnering for Single-Pass Success
11		Van Den Bos	Michael Hoffmann & Paul Van den Bos	Turnkey Corrugated Cardboard Plants: one-stop-shop logistics & production material flow
1	Day 1 8-Oct	Marbach Karl	Jan Brunner	Digital Zone Levelling – Time savings in die cutting
2		BOBST Mex	Virginie Dubois-Guignard	Robotics & Smart engineering
3	Spotlight Session 3 16:30-17:36	Mitsubishi	Giacomo Bettini	EVOL Series -100 SSL & DSL / 400BPM
4		Mosca	Christian Schäfer	Inline Strapping machine prepared for the future
5		NE Engineering	Roberto Bonini	The fastest cutting-edge palletizing solution for the corrugated board industry
6		NEU-JKF Delta NEU	Thierry Michot	How to eliminate the dust on converting machines?
7	Converting	Seemi	Pauline Vigneras	Seemi Machinery: A new brand for our wellknown machines
8		TCY	Rob Garvey	What We Can Do For BoxMakers
9		Valco Melton	Carlo Zucchi	ClearVision Duo: High-Quality Vision for Corrugated Production
10		Vega	Remo Paiola	Fast automation from feeder to pallet
11		MM Board & Paper	Heinz Taubach	From Machine Concept to Product

	Session	Brand	Presenter	Presentation title
1	Day 2	Renova	Bilal Daaou	Revolution: the motor-brake
2	9-Oct	BHS Intralogistics	Christopher Denis	BHS iMotion®
3	Spotlight Session 4 12:00-13:00	Fosber	Edoardo Silvestri	Intelligence in evolution reinventing corrugated production with AI & digital innovation
4		GKD	Dominik Braun	BLUEBACKER ECO GRIP SC - The latest generation of drum lagging
5		H.B. Fuller	Elizabeth Staab	Driving innovation through adhesive solutions for packaging and e-commerce
6		Mühlen Sohn	Armin Birzele	V-PER: the next top belt generation for maximum performance
7	Corrugators	Quantum Corrugated	Ralf Schomaker	A quantum leap into the future
8		Para	Marco Oderio	Crab Paper Reels Transport System
9		BHS Corrugated	Thomas Murr	BHS Jetliner Monochrome-MCP
10		Valmet	Ronald van de Ven	Quality data from corrugator as a base for AI
1	Day 2	Amtech Software	Rod Liz	AI in Corrugated
2	9-Oct	BHS - Corr24	Armin Kaltenbacher	OT Cybersecurity – Secure Remote Access and Beyond
3	Spotlight Session 5 14:15-15:15	eProductivity Software	Andrew Bennett	Corrugated to Converting: : Unifying processes for better board, throughput, and responsiveness
4		factory360	Markus Meister	How to save time and money with a 3d twin of your factory?
5		Kiwiplan	Robert Mabbutt	Elevate your operations with automated, AI-driven solutions
6		Laserclean	Martin de Wit	How Lasercleaning technology revolutionizes cleaning in the corrugated printing industry
7	Services	openpack	Patrick Klee	Data without Borders: Driving Innovation in the Corrugated Board Industry
8		SERRA	Tristany Serra	The Smart Line is Alive- AI That Protects, Predicts and Flows
9		Witron	Tobias Reiter	How Witron Addresses EUDR in CPMS
10		AkeBoose	Dirk Lüdken	It's not just about corrosion resistance
1	Day 2	Ammeraal Beltech	Hermann Nelles	Reduce your CO2 levels substantially with the new modular belting solution from Ammeraal Beltech
2	9-Oct	BHS - Universal	Johan Oude Wesselink	Honeycomb
3	Spotlight Session 6 17:30-18:30	Cannon Bono	Antonio Landi	Patented HE Smart Solution: clever heat recovery
4		Cargill	Emma Korkakaki	Paving the way towards "paperization" with Cargill™ Barrier Coating
5		ELITRON	Giambattista Mele	New Era in Digital Cutting Automation for a Highly Productive Workflow
6		Hunkeler Systeme	Roman Gerhard	Automated disposal in corrugated factory
7	Divers	Metsä Board	Maija Pohjakallio	Carbon capture opportunities in the forest industry
8		Mondi	Kamilla Bartniak	Sustainable by design
9		Nestro	Martin Duchowski	Energy Savings in Dust Extraction
10		RISE	Tomas Anderson	Elevating the corrugated board industry through research
